or via innergex.com

A replay of the webcast will be available on Innergex's website at innergex.com.

## About Innergex Renewable Energy Inc.

For 30 years now, Innergex believes in a world where abundant renewable energy promotes healthier communities and creates shared prosperity. As an independent renewable power producer which develops, acquires, owns and operates hydroelectric facilities, wind farms and solar farms, Innergex is convinced that generating power from renewable sources will lead the way to a better world. Innergex conducts operations in Canada, the United States, France and Chile and manages a large portfolio of high-quality assets currently consisting of interests in 68 operating facilities with an aggregate net installed capacity of 2,588 MW (gross 3,488 MW), including 37 hydroelectric facilities, 26 wind farms and five solar farms. Innergex also holds interests in six projects under development, one of which is under construction, with a net installed capacity of 296 MW (gross 378 MW), and prospective projects at different stages of development with an aggregate gross capacity totaling 7,767 MW. Its approach to building shareholder value is to generate sustainable cash flows, provide an attractive risk-adjusted return on invested capital and to distribute a stable dividend.
