INVESTOR KIT Q2 2020

*All financial data are in Canadian dollars and as at June 30, 2020

For 30 years, Innergex has believed in a world where abundant renewable energy promotes healthier communities and creates shared prosperity. **As an independent renewable power producer which develops, acquires, owns and operates hydroelectric facilities, wind farms, solar farms and energy storage facilities, Innergex is convinced that generating power from renewable sources will lead the way to a better world.**

Innergex conducts operations in Canada, the United States, France and Chile and manages a large portfolio of high-quality assets with an aggregate gross installed capacity of 3,694 MW and an energy storage capacity of 150 MWh. It also holds interests in eight projects under development and several prospective projects. **Its approach to building shareholder value is to generate sustainable cash flows, provide an attractive risk-adjusted return on invested capital and to distribute a stable dividend.**

A SUSTAINABLE BUSINESS MODEL
